## **PRESENTATION OF TASK MAPPING**

- In order to gain a more thorough understanding of how the work of the different DGs relates to the [77 tasks identified for the task-ranking survey](#), the Commission's Digital Transformation team has mapped each page of every site listed in the [Europa Inventory](#) against one or more of the 77 tasks.
- This exhaustive mapping exercise will help us:
  - to assess how well the Commission's existing digital presence serves the identified tasks
  - to identify which content is related to each task (in cases where content can be edited/rewritten with the relevant DGs)
  - to engage DGs in the co-creation of content for the Commission's future web presence, which will be built on a common architecture (i.e. task-based, not DG-based): DGs with a stake in the task(s) being worked upon will be invited to participate in work at all stages of the process, including co-creation of content.
