

Availability of Tender Documents

Notice on the availability of tender documents

The [Calls for Proposals and Tenders](#) portal (EuropeAid), managed by the Directorate-General for International Cooperation and Development (DG DEVCO) is in the process of being phased out.

Considering that for the time being, Economic Operators might have difficulties to search for a Contract Notice (CN) or Prior Information Notice (PIN) on [Funding & Tenders Portal](#) (with the help of the geographical zone or programme), the publication of all CNs and PINs will be announcement in parallel on EuropeAid website, therefore increasing the visibility of the calls. The parallel announcement will be done through an **Information Notice** document on EuropeAid.

In the coming weeks, once the complete search engine is released on the Funding & Tenders Portal, the parallel announcement on EuropeAid will no longer be necessary, as Economic Operators will be able to easily search for their calls directly on the Funding & Tenders Portal.

In the meantime, the delegations involved will be informed by email about the Information Notice published in parallel on EuropeAid. The Information Notice will indicate the EuropeAid reference and Tender Procedure reference, including the link to the TED - eTendering portal.

Below is explained by examples how to find the corresponding PIN/CN information.

An email will be sent to the Contracting Authority, informing them that an Information Notice was published in order to increase visibility.

The screenshot shows the EuropeAid portal interface. At the top, there is a navigation bar with the text "European Commission > International Cooperation and Development > Funding > Calls for Proposals and Tenders". Below this, the main heading is "Calls for Proposals and Tenders". There are three tabs: "Latest Publications", "Search by reference" (which is active), and "Advanced Search". Under the "Search by reference" tab, there is a search bar with the text "Reference" and a question mark icon, followed by the input field containing "140255" and a "Search" button. Below the search bar, there is a section titled "Better Services for Consumers in the Reformed Energy Markets". This section contains several key-value pairs: "Programme: Neighbourhood", "Type: Services", "Status: Forecast", "Geographical Zone: Ukraine", "Published: 29/05/2019", "Updated: 22/09/2020", and "Reference: EuropeAid/140255/DH/SER/UA". Below this, there is a section titled "Documents:" which lists three documents: "Prior Information Notice - Forecast" (English, 07/05/2019), "Prior Information Notice - Forecast" (English, 29/05/2020), and "Information notice" (English, 22/09/2020). A red arrow points to the "Information notice" document, which is highlighted with a red box. At the bottom of the page, there is a link: "To view the information in any of the 23 EU languages, click here."

For published CNs on the Funding & Tenders Portal, the corresponding Information Notice on Europeaid will provide the link to TED - eTendering for the specific call.

For example: <https://etendering.ted.europa.eu/cft/cft-documents.html?cftId=7017>

The link will redirect you to a page containing available information related to the call, with tabbed sub-sections: **Data**, **Document Library**, and **Questions and Answers**.

In the first **Data** tab, you will find key information regarding the call, including a short description, contract type, main CPV, deadlines, and a link reference at the bottom to the publication on the **Official Journal**.

Information
