1 Purpose of the Survey on Recognition

The purpose of this survey is to report on the quality of the recognition process by your sending institution, following your mobility period abroad. You will have already completed an online survey covering all aspects of your mobility experience. This complementary survey now assesses the quality of the recognition provided upon your return at the sending institution, the results of which will be carefully monitored.

This report, once submitted, will be accessible to the coordinating institutions, their National Agencies and the European Commission. More details in [Specific Privacy statement](#).

Please make sure you have the information of your Learning Agreement and Transcript of Records (if applicable) with you BEFORE you start filling in this report.
