Personnel unit cost wizard – Horizon Europe

Calculation of the daily rate

If your organisation is interested in using a single, pre-agreed daily rate for all its personnel in Horizon Europe grants, you can use this wizard to calculate the daily rate that would apply to you.

There are two main ways to calculate personnel costs in Horizon Europe grants:

- Using actual personnel costs. This is the default option in Horizon Europe. For this, you need to calculate individual daily rates for each member of staff working in a project (for details, see Article 6.2.A in the [Annotated Grant Agreement](#)).
