

Release note

eProcurement eContracting

European Commission - Directorate General for Informatics Directorate A - Digital Transformation

Release date 02 05 2023

The new release introduces some new features for economic operators.

- eSubmission front office is available in Irish (Gaelic)
- Availability of 'Manage Roles' in Funding & Tenders Portal for restricted and negotiated procedures
- Warning if the total tender amount exceeds the announced maximum contract amount

eSubmission front office is available in Irish (Gaelic)

eSubmission front office used by the economic operators to submit their tenders and requests to participate is now available in Irish, including the documents generated by the system.

Availability of 'Manage Roles' in Funding & Tenders Portal for restricted and negotiated procedures

In Funding & Tenders portal the option "**Manage Roles**" under the 'Action' dropdown menu will appear on the **My Submission(s)** for the economic operators who submitted:

- a request to participate in the step 1 of the restricted procedure
- a tender in the round 1 of the negotiated procedure

after the contracting authority has opened the submitted requests to participate/tenders.

When economic operator receives an invitation to submit the tender:

- in the step 2 of the restricted procedure
- in the round 2, 3, etc. of the negotiated procedure

the option "**Manage Roles**" will be available only under the 'Action' dropdown on "**My Invitation(s)**".

Warning if the total tender amount exceeds the announced maximum contract amount

In case of **requests for specific contracts under Framework Contracts**, where the maximum contract amount is displayed in eSubmission, contractors will be informed if the total amount of their tender entered on the Tender Data screen exceeds the contracting authority's maximum budget announced in the request for specific contract. The warning does not prevent the contractor from proceeding and submitting their tender - contractors should check the request for specific contract documents for the consequences

Submission documents

Tender Data

Your submission is still in status draft. Nothing is submitted to the contracting authority until you have clicked the Submit button at the end of the submission process.

Add your submission

Total amount *
190 Euro (ex: 1,234.56)

The total amount of your tender exceeds the contracting authority's maximum budget announced in the request for specific contract. Consult the request documents to learn if/how this will affect the evaluation of your tender.

The tenderer confirms that its tender complies with the minimum requirements specified in the procurement documents
 Yes No

Please confirm if your tender complies with the minimum requirements or not
