

# Funding & Tenders Portal release 20201027

27.10.2020 (Funding & Tenders Portal SEDIA V3.4.0)

SEDIA V3.4.0 is scheduled for release on 27 October 2020, in order to apply the following improvements and bug fixes:

## Improvements

- Upgrade of the Corporate search:

The screenshot displays the 'Funding & tender opportunities' portal. On the left, a search sidebar includes a 'Type your keywords...' field, a 'Match whole words only' checkbox, and radio buttons for 'GRANTS' and 'TENDERS'. Below these are filters for 'Submission status' (Forfeiting(2), Open for submission(18), Closed(878)), 'Programming period', 'Filter by Programme / Programme group', 'Filter by call', 'CPV code (Tenders Only)', and 'Places of delivery or performance (Tenders Only)'. The main content area shows 'Funding and tenders (8041)' with a 'Need help?' button and a 'Sort by' dropdown. A list of tenders is displayed, including 'Call for TEST - restricted - no lots - EN and FR', 'Ewa test call restricted 14', 'test CEI sublots LZ', '1504 testing 1631 after 3.9.1 LZ', and 'UAT/restricted/2020/Angelescu'.

On the left side of the screen, the **Submission status** indicators now show the total amount of entries for each indicator.

Further down on the same side, 2 filters have been added for Tenders: **CPV code** and **Places of delivery or performance**.

On the right side of the screen, the **Sort by** filter has been redesigned in a more compact way and it now has a dropdown list with additional options.

On this same side, the topic cards have been enhanced with a more visual layout: the text is bigger and more structured.
