

Harmonisation of the Corridor Information Document

3rd ENRRB - PRIME meeting
Warsaw, 12 October 2017

Harmonisation of the Corridor Information Document

WHY?

- Customer demand
- Sector Statement Priority Project
- RFCs' commitment for further harmonisation

WHO?

- RNE-RFC task forces
- RNE Network Statement and Corridor Information Document Working Group

WHEN?

- Starting with structure in 2011
- From 2016 onwards contents

HOW?

- By respecting applicable EU law, FCA, RNE/RFC Guidelines
- Approval by IMs via RFC Management Boards and RNE General Assembly

Current situation and achievements

Common structure

- Developed in 2011 by the RNE Network Statement WG
- Extended with implementation guide
- 92% compliance of CIDs for timetable 2018

Continuously improved and corrective measures set for an even higher compliance rate by the RNE NS and CID WG

Common texts

- Common template for NS excerpts in Book 2 developed in 2016
- Developed for Book 4 (Procedures for Capacity and Traffic Management) by RNE-RFC task force in 2016

Implemented in CIDs of all RFCs from timetable 2018 onwards

Next steps

Book 1 Generalities

- Harmonisation ongoing by RNE-RFC task force
- To be applied in CIDs from timetable 2019 onwards (publication in January 2018)

Book 2 NS Excerpts

- Complete harmonisation ongoing by RNE-RFC task force
- To be applied in CIDs from timetable 2019 onwards (publication in January 2018)

Book 3 Terminal Information

- Harmonisation planned (from timetable 2020 at the earliest)
- High dependency on final version of Implementing Regulation on service facilities and potential further development of Rail Freight Location Portal

Book 4 Procedures for Capacity and Traffic Management

- Kept up-to-date by RNE-RFC task force

Book 5 Implementation Plan

- Harmonisation cannot be achieved due to RFC-specific nature
