Safety Culture subgroup update

November 2017

TWINNING PROGRAMME

'Enhancing the cooperation between Railway Infrastructure Managers for better safety management'

- All visits completed.
- Some key learnings emerging are:
 - The importance of the NSA role in safety culture
 - Role of safety staff vital but **how** they work is key
 - Generational difference impact on safety culture
 - Measuring safety culture in different national cultures is challenging

Next steps

Safety Culture Conference - Learning from Twinning

Tuesday 12th December 2017, 10:00 – 16:00 (GMT)

- **Venue:** Macdonald Burlington Hotel,
- BIRMINGHAM, United Kingdom

Attendance is funded by EC so costs only for travel/accommodation

Sean.Brierley2@networkrail.co.uk

As of 2018 ProRail will chair the subgroup. The key activity will remain the exchange of knowledge and best practices on safety culture. Specific topics for further learning identified in the twinning program will be addressed.
