

Safety Culture Conference - Learning from Twinning

Date: Tuesday 12th December 2017, 10:00 – 15:30 GMT

Venue: MacDonald Burlington Hotel, 126 New Street, BIRMINGHAM, West Midlands, B2 4JQ, United Kingdom

Agenda:

- Welcome from Lisbeth Fromling, Chief QHSE Officer, Network Rail
- Value of twinning – Representative from the European Commission
- Presentations from organisations in each twinning group on:
Sharing what they have learned about safety culture

Some examples of this include:

- The importance of how NSAs work with Rail Infrastructure Managers
- What are the barriers we all face with regards to 'close call'/near-miss reporting?
- How do rules interact with and influence behaviour, and vice versa

What tools they have discovered that could improve the maturity of an organisation's safety culture

Some examples of this include:

- The use of interactive virtual reality technology to enhance lookout training
 - Safety ladder tool that can help map safety culture journey
 - Leadership in action carrying out safety conversations
- Learning activity evaluating and improving your organisational safety culture
