## Content management – Objectives 2023

- Update the governance process, streamlining and simplifying it as much as possible to achieve an agile operation.
- Processing the accumulated backlog of changes proposals to the INSPIRE Registry.

## Summary – Proposals from 73 MIG-T

- Reactivate the operation according an updated governance process and release strategy, including periodic milestones.
  - Plan for electing new members for the Control body and reactivate its operation.
  - Plan for updating appointed Submitting organisations (SOs) and associated representatives.
- Only one volunteer to become part of the Control body.  
A new alternative proposal is presented today.
- Few organisations provided updated details for their SO representatives.

#### INSPIRE Registry – Terms of Reference for the Control body and Submitting organisations

Title	INSPIRE Registry – Terms of Reference for the Control body and Submitting organisations
Creators	Jordi Escriu, Michael Lutz
Date of publication	2016-12-16
Date of last update	<u>2023-04-27</u>
Subject	Terms of reference (ToR) for the Control body and Submitting organisations for the INSPIRE Registry
Status	<u>Version 3.0</u> - This document is based on <a href="#">version 2.0</a> , updating the Terms of Reference of the Control body and Submitting organisations to the current INSPIRE Maintenance and Implementation context. Particularly, this version (version 3.0) introduces the necessary adaptations to delegate the functions of the Control Body to the <u>INSPIRE Maintenance and Implementation Group (MIG)</u> in order to reactivate the governance of the INSPIRE Registry while assuring a periodic and more agile collaboration in updating its contents. Consequently, the INSPIRE Registry workflow is also updated accordingly. The original version of the document, <a href="#">version 1.0</a> , was endorsed by the INSPIRE Maintenance and Implementation Group (MIG) in its meeting on 30/11-1/12/2016.

### 'Terms of Reference for the **Control body** and Submitting organisations'

- Main changes:

#### Terms of Reference for the Control body for the INSPIRE Registry

3. The control body role and related activities are commissioned to the INSPIRE Maintenance and Implementation Group (MIG), which may delegate them to its permanent technical sub-group (MIG-T). The MIG shall monitor the progress of the above-mentioned activities during its regular (either physical or virtual) meetings and provide guidance when needed, particularly for issues, that may have far-reaching consequences for INSPIRE implementation in the Member States. The European Commission shall chair these activities.
4. Secretarial services shall be provided by the Joint Research Centre (JRC), who may delegate part of these tasks to the contractors operating the INSPIRE Registry.
