The **Online Linguistic Support** (OLS) supports language learning for Erasmus+ mobility participants. The OLS offers participants in Erasmus+ long-term mobility activities (Key Action 1) the opportunity to assess their skills in the foreign language(s) they will use to study, work or volunteer abroad. In addition, selected participants may follow an online language course to improve their competence. (<https://erasmusplusols.eu/>)

 The linguistic support is only available for the activity types listed in below table and only if it is a **long-term activity**.

OLS Contact

It is necessary to indicate an associated person as OLS contact in the application form. The contact indicated as the Online Linguistic Support contact receives a notification by email when licences for language assessments and language courses are available in the Online Linguistic Support (OLS) system, and is responsible for sending invitations to mobility participants to take the language assessment and start the language course, if awarded. The Online Linguistic Support contact person is also responsible for monitoring the usage of licences and can create additional Online Linguistic Support users (aliases) with the same access rights if needed.

To add an OLS contact in the Web Form see: [Web Forms Linguistic Support \(KA102, KA116\)](#) & [Web Forms: Add associated persons of organisations](#).

Report a problem

If you encounter any problem or issue, please contact the Helpdesk by clicking on the **Report a Problem** button in the header.

The screenshot shows the top navigation bar of the OLS system. On the left is the Erasmus+ logo. In the center is the text 'Online Linguistic Support'. On the right is a 'Report a Problem' button, which is highlighted with a red rectangular box and a red arrow pointing upwards. To the right of the button are icons for 'Home', a user profile 'mt99', and a share icon. Below the navigation bar is a sidebar with icons and labels for 'Home', 'Pending New Projects', 'Validated BEN Projects', 'Expired BEN Projects', 'Licence Usage per Project', 'Licence Usage per Participant', and 'Statistics'. The main content area starts with a 'Welcome' heading, followed by a message about webinars for beneficiaries and links to presentations and recordings. Below this are sections for 'National Agencies (NA) support area' and 'Beneficiaries (BEN) support area', each with a list of links to user guides and technical documents. At the bottom, there is a 'Mobility Participants (MP) support area' with links to user guides and video guides.
