

Get involved

In this section, you can find suggestions on how you can get involved in the collective fight to tackle pollinator decline in Europe.

A series of illustrated technical guidances with recommendations for action, including summary brochures, are available for:

- [Citizens](#)
- [Invasive alien species managers](#)
- [Local authorities and cities](#)
- [Farmers](#)
- [Businesses](#)
- [Public authorities](#)

The work on the guidance documents is in progress and more will be uploaded until the end of 2020.

Get involved and let us know how you're helping pollinators by filling in [this online form](#), we will showcase your action on our map!
