

# Applicants

Are you an Applicant?

With calls for proposals, the European Commission selects – on a competitive basis – organisations or natural persons to implement projects co-financed by the EU that contribute to EU policy objectives.

To apply for a grant from the European Commission in the field of External Aid, you can search for a call for proposal on the [International Partnerships website](#) (previously EuropeAid), or on the [Funding and Tender Opportunities Portal](#) (new). If you have already registered your organisation in e-Calls PADOR, you can search directly in [e-Calls PROSPECT](#).

Please note that from the **13/03/2023**, calls for proposals will also be published on the [Funding and Tender Opportunities Portal](#). The [International Partnerships website](#) will **no longer be used for the publication of calls** following a short transition period. There is **no change for applying for a call**, whether from the International Partnerships or Funding and Tenders Portal websites, as the call publication will redirect the applicant to [complete the application](#) for the call exactly as before in [e-Calls PROSPECT](#).

You can search for a **tender** on the [International Partnerships website](#) (previously EuropeAid), or on the [Funding & Tender Opportunities Portal - Search for Funding and Tenders](#).
