Thursday, 8 July

Agenda item	Notes/Actions
Welcome and approval of the agenda	• The agenda was approved without modifications.
Minutes of the previous meeting (for discussion and agreement)	• The minutes of the previous meeting were approved without additional change proposals. Some open actions for MIG-T members are still open and relevant.
MIWP 2021-2024 Actions • 1.1 Towards a digital ecosystem for the environment and sustainability • 2.1 Need driven data prioritisation • 2.2 Roadmap for priority-driven implementation ○ Debriefing from the MIG meeting • 2.3 Simplification of INSPIRE Implementation ○ 2.3.2 Simplification of data-service linking	• The JRC, ENV and EEA presented the current status of actions and future planned work. ☑ Within the context of Action 2.2, **ENV** to share the summary of the mini-workshops, held during the 13th MIG meeting with the MIG-T members.
Coffee Break	

MIWP 2021-2024 Actions (continued)
 	
• 2.3 Simplification of INSPIRE Implementation
   ○ 2.3.1 Governance of INSPIRE Artefacts
 	
Discussion and voting on change proposals of INSPIRE artefacts
 	
• Overview of change proposals for INSPIRE Schemas and Technical Guidelines (Helpdesk facilitators)
• Discussion and approval with sli.do
   ○ Change proposals on TGs
   ○ Change proposals on Schemas
	• Updates to the GitHub repositories for schemas and TGs are presented and the governance process is summarised.
	• The change proposals for schemas and for TGs subject to scrutiny by the MIG-T (selected by the sub-group of Action 2.3.1 during the meeting on 1/7/2021) were presented by the helpdesk facilitators.
	• After the discussion, MIG-T members (one per country) voted on the proposals using sli.do. All proposals were accepted with no objections (see the results of the slido poll).
	• Change proposals will now be assessed by the MIG, which is the next actor in accordance with the new governance process. The two-week scrutiny period for the MIG started on July 12 and will run until July 26, 2021.
	
	☐ **MS** are encouraged to nominate additional members for Action 2.3.1 on the 'Governance of INSPIRE artefacts'.

GeoPackage as INSPIRE data encoding (EEA, DK)	• The status of GeoPackage as an INSPIRE data encoding was presented by the EEA (with additional input from DK and NL).
Updates from ISO/TC 211	• Updates from ISO/TC211 were presented by DK. The activities of the TC are, similar to INSPIRE, being migrated to GitHub. MIG-T members are encouraged to start following the TC211 space.

Friday, 9 July

Agenda item	Notes/Actions
Open Maps for Europe (Nathalie Delattre, EuroGeographics)	• The status of the CEF Project Open Maps for Europe coordinated by EuroGeographics was presented.

Updates on central INSPIRE components 1 /2 (JRC)
 	
• Geoportal
   ○ State-of-play (JRC)
   ○ Redesigned backend (GeoCat)
   ○ New frontend for HVD (JRC)
	• The current status and planned future activities on the Geoportal were presented.
	   ○ GeoCat is working on a prototype for the backend of the Geoportal based on GeoNetwork, which will migrate all the existing functionality and also improve the harvesting system thanks to a micro-service approach. The prototype is under development and should be ready by the end of the summer.
	   ○ The new frontend, tailored to the new implementing provisions on High-Value datasets (HVD), is ready and will be published together with Implementing Act in Q3 or Q4 2021.

Coffee break	
Survey & discussion on MIG-T meetings format	• sli.do was used to gather feedback on the MIG-T meetings format. Overall, the vast majority of MIG-T members confirms that the meeting format, scope and length are appropriate (see the results of the slido poll). • The feedback collected will be used for improving future meetings. ☑ **JRC** to present a summary of the feedback and propose approach(es) for improving the way in which the regular MIG-T meetings are organised.

Updates on central INSPIRE components 2 /2 (JRC)
 	
  • Validator
    ° New release and tests
      • Annex II /III Data Specifications
      • OGC API - Features
    ° New UI
  • Re3gistry and INSPIRE Registry
    ° Deployment of ver. 2 for INSPIRE
    ° IACS codelists
    ° DIGITAL Common Services Platform
	• The current status and planned future activities for the Validator and Registry were presented.
