If a project, has ended without any costs, and no mobilities have taken place, then it is possible to terminate the project with no grant. This action can be performed by the National Agency or by the beneficiary/Coordinating organisation.

This scenario below, is performed by a National Agency user and Beneficiary users will not see the tab NA Validation. Otherwise the steps remain the same for both profiles. It is only possible to terminate the project with no grant, if there are no mobilities added and the declared budget has not costs indicated. Check the declared budget under the Budget tab.

See also [MT+ How to remove a final report to create a termination report](#).

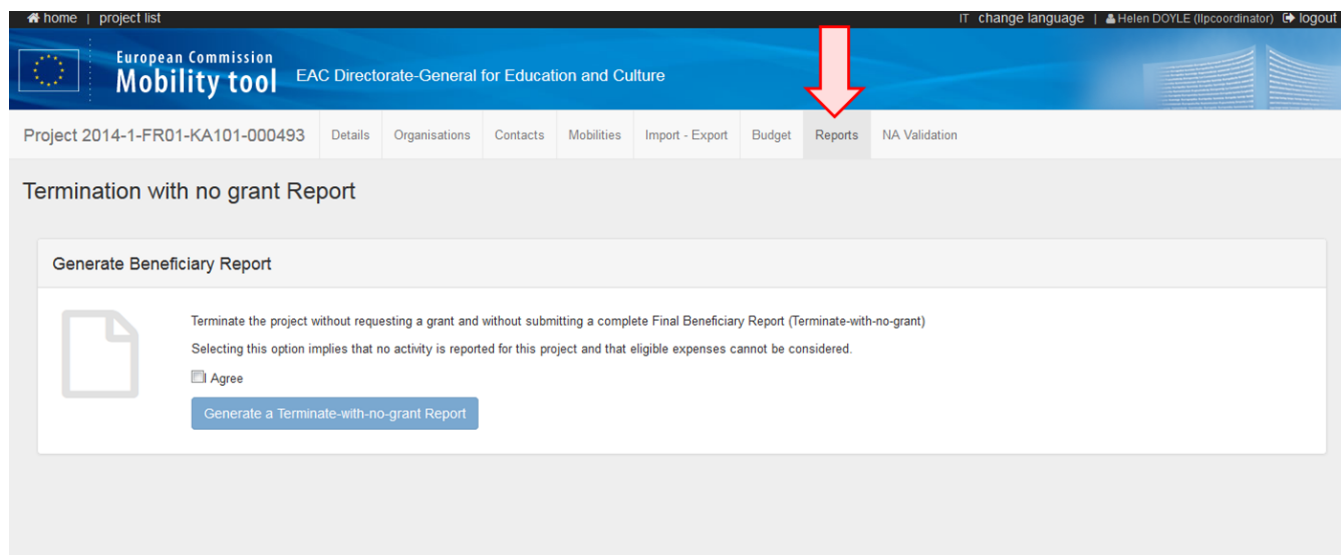

Take note

In KA2 some project data is transferred during project creation for ME, IO and TPM. If a KA2 project does not show the termination screen, even though there is no Budget (0€), these records need to be manually removed.

Steps

1. Click the "Reports" tab

In MT+ click on the **Reports** tab to start the **Termination with no grant Report** procedure. If this button does not appear, it is perhaps due to the fact that there are still mobilities or activities for strategic partnerships added or costs declared under the budget tab. To terminate with no grant, remove all mobilities or activities for strategic partnerships and remove all declared costs. If the project is to be terminated with eligible costs, then the beneficiary report can be submitted as normal, without removing the eligible mobilities and costs.
