- [4. Edit the comment fields](#)
- [5. Navigate to the "Assessment Validation" section and Submit](#)
- [6. Printing](#)
- [7. Edit another project or switch programme](#)

The purpose of the editing task is to proofread and, where necessary, improve the linguistic quality of the comments of the consolidated assessments.

No changes can be made to the scoring, the checkbox flags, the decisions or any other content that is not classified as commentary. Only the consolidated assessments are edited. No individual assessments are ever edited.

Editing in OEET is done after all the project assessments for a given action have been consolidated.

The principles of using OEET for editing are the same as using it for project assessment. The page here provides specifics for editing in OEET.

Information

The basic functions in OEET (assessment, consolidation, editing) are all carried out in the same way. Therefore read the pages and before you start. You can disregard the information concerning recording of assessment scores, flagging of check boxes and selection of decision ratings, as this is not relevant to your task of an editor, but the general functionality descriptions are.

Steps

1. Login to OEET Assessment and access List of assessment

1.1. Click the "Assessment List" button

After logon to OEET, the programme list opens, displaying the programme(s) and action(s) that you are engaged to work on. Click the **Assessment List** button for the programme you have to edit.

2. Click the "Assess" button

In the list of assessments allocated to you, projects assigned to you for editing bear the type **EDITOR (EDIT_EN)**.

To start the process, click the **Assess** button.

3. The assessment screen in edit mode

The assessment opens in the **GENERAL** section. On top of the section navigation you also see the role, set in this case to **EDIT**.

In all comment fields throughout you will see the comments entered and submitted by all experts and the ones from the consolidation.

4. Edit the comment fields

Visit each of the project sections, edit the comments that you find when necessary.

 **Take note**

Use the section navigation to move inside the assessment and do not use multiple tabs. Save your changes regularly, using the Save button at the end of each page, to avoid loss of data.

5. Navigate to the "Assessment Validation" section and Submit

Once you have finished editing, navigate to the **Assessment Validation** section. Remember to only do this if editing is completed. Once submitted, changes are no longer possible.

Click the **Submit** button. Confirm the submission by clicking **OK** in the pop up. After the request is processed, a confirmation is displayed. The assessment is now marked with the **Submitted** watermark and the submission date for the edit added.

Take note

The Assessment Validation section displays the submission details of the last experts submission, meaning there is a submission date and a 'successful submission' message displayed in the onscreen box. Pay no attention to these. When you perform your own submission, the **Submitted by editor date stamp** is added as well as a Submitted watermark.

6. Printing

You can print the assessment, before and after submission. The **Print** button is available throughout the assessment.

Information

Printing before editing might be useful. The *.pdf file that is created when using the print option will include all comments from the experts' assessments and consolidation. This could help you preparing your editing task.

To print, click the **Print** button and follow the instructions on screen.

The screenshot shows the EACEA (Executive Agency for Education, Audiovisual & Culture) assessment interface. The header includes the European Union flag and the text 'Executive Agency Education, Audiovisual & Culture'. Below the header, a navigation bar shows the path: 'Europa > European Commission > EACEA > Assessments > Assessments List > 6032016-EPP-1-2015-1-A4-EPPKA1-LARG-EVS'. On the left, there is a sidebar with a menu under the heading 'EDIT'. The menu items are: GENERAL, APPLICATION AND ANNEXES, AWARD CRITERIA, Overall comments to applicant, General comments to NA, Budget comments to NA, TYPOLOGY QUESTIONS, ASSESSMENT VALIDATION (highlighted in yellow), and Project List. In the main content area, a blue box contains the text: 'You have just submitted the electronic version of your assessment. Now you can create a PDF version by clicking "Print".' Below this, the submission dates are shown: 'Submitted on: 25/04/2018' and 'Submitted By Editor on: 27/04/2018'. At the bottom, there are two buttons: 'Previous' and 'Print' (which is highlighted with a red rectangle). A large, diagonal watermark reading 'Submitted' is visible across the entire page.

When you print your assessment prior to submission, the word Draft appears as a watermark on the printout. No watermark is visible if you print after submission.

Note: If you are required to print and sign your assessments, it must be the submitted version that you use for this.
