This page explains how to manage the list of intellectual outputs in Mobility Tool. Intellectual outputs are the tangible results of a project, such as curricula, pedagogical materials, open education resources (OER), IT tools, analyses, studies, methods, etc.

These can be accessed via the **Intellectual Outputs** tab in the menu.

Relevant for...

Call Year	Key Action	Action
All	KA2 - Cooperation for innovation and the exchange of good practices.	All

The screen allows beneficiaries to list all the intellectual outputs of their project as well as to detail the cost of production according to the different types of resources required to produce those intellectual outputs.

The intellectual outputs already approved by the National Agency in their management system will be displayed in this list, with all amounts set to 0 (zero). These items can be edited to update the amounts.

The **Approved Budget (by National Agency)**, which may be different from the **Current Budget (in Mobility Tool)** or **Total (Calculated)** budget, is displayed:

1. under the list
2. and also in the **Budget** tab.

2. Add staff costs per organisation

Once an intellectual output item is created, the **Organisations** section is displayed in the **Intellectual Outputs** screen for that specific item. In this section you can specify the staff costs incurred by the organisation(s) involved in producing that intellectual output.

This can be done either when you create an item or at a later stage, by editing the item.

2.1. Click "+Create"

Click **+Create** to add the details of the organisation(s) involved in the production of this intellectual output.

The screenshot shows the 'Intellectual Outputs' form. At the top, there's a title bar with 'Intellectual Outputs' and an 'Edit' button. Below this, the form is divided into several sections. The 'Output Identification' section includes 'Output Identification' (O4), 'Output title' (Seminar), and 'Output Type' (Learning / teaching / training material – Audiovisual material). The 'Project Duration' section shows a timeline from 01/09/2018 to 30/04/2020. The 'Start Date' is 01/12/2018 and the 'End Date' is 14/01/2020. The 'Available Language' section has three dropdowns: English, French, and Polish. The 'Available Media' section has three dropdowns: Cinema, Social Media, and Internet. Below these is a text area for the 'Description of the intellectual output' with the text 'Seminar on the importance of traditional stories, language in a modern Europe.' The 'Organisations' section is highlighted with a red box. It contains a search bar with 'Search in 0 records' and a '+ Create' button, which is also highlighted with a red box and a red arrow. Below the search bar is a table with the message 'No record found'.

2.2. Fill in the details

Select an organisation from the **Legal Name** drop-down list and fill in the details as applicable. If an organisation is not listed, please follow the [procedure for managing organisations for KA2 projects](#).

When you fill in the fields for **No. of Working Days**, both the **Daily Rate** and the **Total (Calculated)** fields will be filled in automatically for each **Staff Category**.

Take note

Only one of the organisations can be flagged as **Leading** for a given intellectual output.
