

EU Survey - Introduction

EU Survey is used by the participants in mobility projects to complete the report of their experience. Participants receive a link to the **EU Survey** once the end date of their mobility is reached. The survey is submitted on-line and is **offered in various languages**. The language can simply be changed by selecting the required language from the available drop-down.

Once the survey is submitted, the participant's beneficiary organisation has access to the content of the participant report via **Mobility Tool+**.
