## MT+ Total Number of Teaching Hours

| Field Name | Total Number of Teaching Hours |
| :---: | :---: |
| Explanation | The number of teaching hours to be delivered by mobile staff on teaching mobility has to comply with the programme rule on the minimum number of teaching hours. <br> The rule states that "if the mobility lasts longer than one week, the minimum number of teaching hours for an incomplete week should be proportional to the duration of that week." <br> By definition, a week is seven days long and consists of working days and weekend days. <br> Mobility Tool+ is able to calculate the duration of the staff mobility for teaching in days but does not have enough information to know the number of days worked during the incomplete week. <br> The teaching staff may or may not work during the weekend depending on the context, regulations etc. The weekend can be considered as teaching hours in an incomplete week, but only if additional information is provided with the supporting documents. <br> Mobility Tool+ checks the minimum number of teaching hours. The safeguard consists of the check of the required workload for each full week, a minimum of eight teaching hours per week. <br> For incomplete weeks, the calculation of the proportional share of the eight weekly teaching hour minimum is the responsibility of the beneficiary who has the complete picture of the situation based on the supporting documents. <br> The information on which days the person has worked during the mobility period as part of the certificate of attendance or the staff mobility agreement could be used as the basis for the calculation. <br> Note: There is no minimum duration for Invited Staff from Enterprise. |
| Section | Duration |
| Type | Mobility Field |
| Programme | Erasmus+ |
| Call Year | All |
| Key Action | KA1 |
| Action Type (code) | KA103 <br> KA107 |
| Activity Type Specifics | Only available for Staff activities. |
| Editable | Yes |
| Type of field | Free text field |
| Compulsory | Yes |
| Consequence if selected | - |
