

Exceptional Costs in ESC30 Solidarity Projects

- [Steps](#)
 - 1. Access "Exceptional costs" in the Content menu
 - 2. Click on the "Create" button to add Exceptional costs
 - 3. Provide the required details and click on "Save"
 - 4. Exceptional costs added to the project
 - 5. Total exceptional costs grant
- [Related Articles](#)

 The illustrations in the provided Wiki pages are for consultation purpose only and may not always reflect the latest implementation.

This page explains how to add and manage **Exceptional costs in ESC30 - Solidarity Projects**. Only [associated persons](#) with edit rights in the project can add and manage the exceptional costs in Beneficiary module while the project is in status **Project ongoing**.

Exceptional costs are optional in these projects and do not have to be filled if not required for the project. For details regarding these costs, see the [European Solidarity Corps programme guide](#).

In the example below, we are using a ESC30, Call 2022 project.

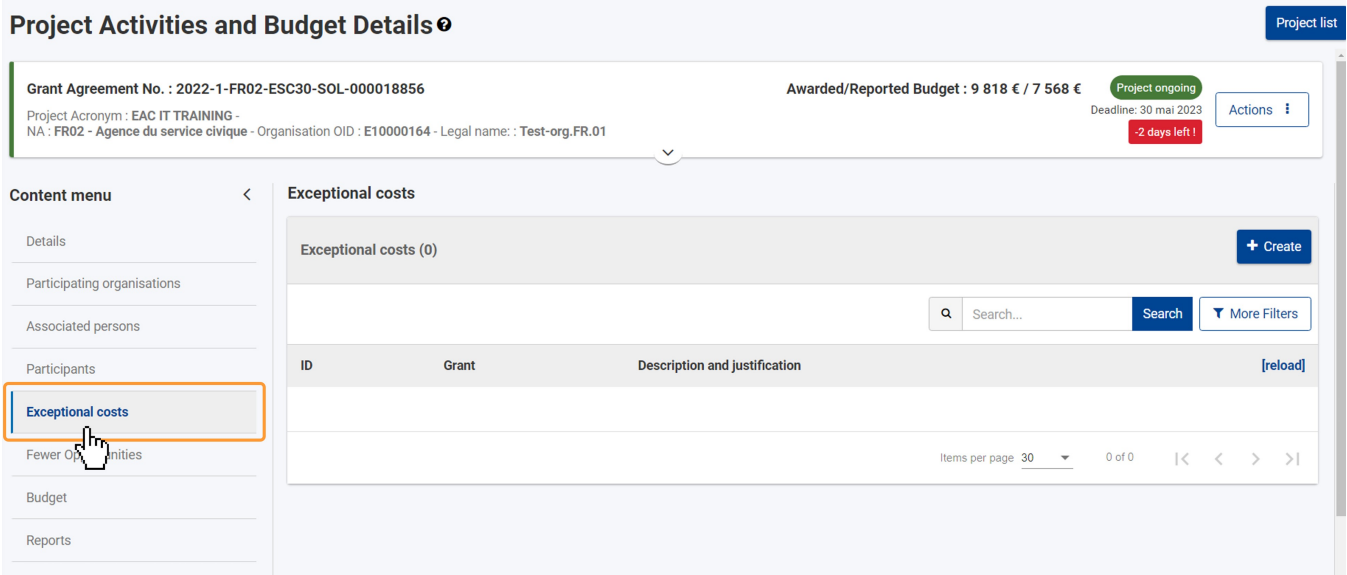

This page is relevant for:

- **European Solidarity Corps, all calls**
 - ESC30 - Solidarity Projects

Steps

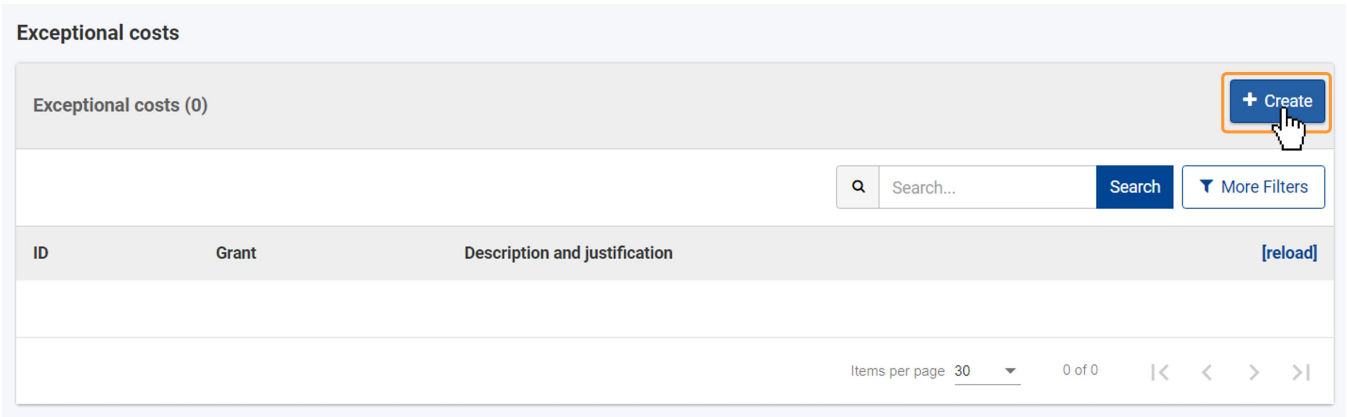

1. Access "Exceptional costs" in the Content menu

In your project, click on **Exceptional Costs** in the Content menu. The **Exceptional Costs** screen is displayed and shows the list of all defined exceptional costs once they are added. Initially, the list is empty. See the page [List functionality in projects](#) for additional information on the list functionalities, such as Search, Filters and the Bulk Actions.

2. Click on the "Create" button to add Exceptional costs

Click on the **Create** in the top right corner of the list to add a new exceptional cost.

3. Provide the required details and click on "Save"

The **Exceptional cost details** screen opens. The **ID** field is automatically filled, but can be changed, if required. Fill in the **Grant** and **Description and Justification** fields.

The **Total exceptional costs grant** field is only updated once you have saved the item.

4. Exceptional costs added to the project

After saving, a success message is displayed, the **Exceptional cost details** screen is closed, and you are redirected to the **Exceptional Costs** list. The newly added exceptional cost is now displayed in the list. Once items are added to the list, the following icons become available under the **Actions** column:

- Delete** - click on this icon in line with the item you wish to delete, and follow the onscreen instructions.
- View** - click on this icon to open the details of the selected item in read-only mode. All fields are greyed out and you will not be able to change any details.
- Edit** - open the details of the selected item in edit mode. Make the desired changes, then click on the **Save** button at the bottom of the screen to save the updated information.

See the page [List functionality in projects](#) for additional information on the list functionalities, such as Search, Filters and the Bulk Actions.

5. Total exceptional costs grant

The **Total exceptional costs grant (1)** is displayed below the list. It is calculated automatically as the sum of all exceptional cost items added in the project. It is also visible inside the **Exceptional cost details (2)** screen, therefore can be also be viewed by clicking on **View** or **Edit** for any of the items in the **Exceptional Costs** list.

When you create or update a specific exceptional cost, the total grant is only updated once you have saved the changes to your current item.

 In Call 2024 projects, the maximum total amount for **Exceptional costs to support the target group participants with fewer opportunities** in a project is **7 .000 EUR**. The relevant reported budget value will be capped to this maximum amount if all Exceptional costs to support the target group participants with fewer opportunities exceed this amount.
