

MT + How to read the Project Dashboard (HE and VET projects only)

- Common functionality of dashboard for all Action types
 - Access the dashboard
 - Tabs inside the dashboard
 - Sections inside the dashboard
 - Graphs inside the dashboard
 - Dashboard in different project versions
 - No data available display
 - Total Current Grant information
- The dashboard for KA102 and KA116 Projects
 - Project tab
 - Learner tab
 - Staff tab
- The dashboard for KA103 Projects
 - Project tab
 - Student tab
 - Staff tab
- The dashboard for KA107 Projects
 - Filter option in the KA107 dashboard
 - View table feature
 - Project tab
 - Student tab
 - Staff tab

In order to **monitor a project's status** in terms of:

- Mobilities created,
- Budget consumed,
- Participant reports sent/received, and more,

beneficiaries can use the **Dashboard** available in Mobility Tool+. This Dashboard offers a quick overview of the project, and can quickly indicate potential issues through a quick check of indicators at different levels (project, target group and activity type).

Relevant for...

Call Year	Key action	Action
2014 onward	KA1 - Learning Mobility of Individuals	KA103 - Higher education student and staff mobility KA107 - Higher education student and staff mobility within programme countries KA102 - VET learner and staff mobility KA116 - VET learner and staff mobility with VET mobility charter

Common functionality of dashboard for all Action types

Access the dashboard

The dashboard can be accessed from inside the project by clicking on the **Dashboard** tab.

Tabs inside the dashboard

Upon opening, the dashboard will display three tabs: **Project** tab, **Learner** or **Student** tab and **Staff** tab. Note: For 2016, a warning is displayed and only complete mobilities are taken into account.

Sections inside the dashboard

Inside the dashboard you will find under each tab the sections **Mobilities**, **Duration**, **Budget** and **Participant Reports**.

Graphs inside the dashboard

Data inside the dashboard is displayed as **Bar** or **Pie chart**, always with a specific legend.

Dashboard in different project versions

For finalized projects, located in the top navigation is the version drop-down that will allow you to check the dashboard of a different version. By choosing a version in the drop-down, the data will update inside the dashboard accordingly.

The screenshot shows a project dashboard for 'Project 2016-1-PL01-KA102-027505' (finalised). The main heading is 'Dashboard'. Below it are tabs for 'Project', 'Learner', and 'Staff'. A dropdown menu is open for the version 'PL01-SYS-002321' (marked as 'finalised'). The dropdown list contains the following items: 'Reported Submitted', 'NA Validation Submitted', 'PL01-SYS-002321 Closed' (with a checkmark), and 'PL01-SYS-002324 Closed'. A 'Details' link is visible to the right of the dropdown.

No data available display

Whenever there is no data available to present or to perform necessary calculations, an empty chart will be displayed containing a message - **No Data Available**.

Total Current Grant information

Important

The Total Current Grant in the dashboard means:

- For call year 2014: Total Current Grant = Total Grant Adjusted.
- For call year 2015 onward: Total Current Grant = Total Grant Calculated.

The dashboard for KA102 and KA116 Projects

Project tab

The **Project tab** of the KA102/KA116 dashboard will display information and graphs for:

Projects until call year 2017	Projects from call year 2018 onward
• Top Partners • Number of Mobilities (Total) • Status of Mobilities (Total) • Level of Education • Total Duration (VET Learner) • Average Duration (VET Learner) • Total Duration (Staff) • Average Duration (Staff) • Budget - Mobility Grants (Total) • Budget - Mobility Grants per Mobility Status (Total) • Number of Participant Reports (Total) • Number of Participant Reports (Total Expected) • Number of Participant Reports (Total Invited)	• Top hosting partners • Total Number of Advance Planning Visits • Number of Mobilities (Learner and Staff) • Status of Mobilities (Learner and Staff) • Level of Education (Learner and Staff) • Average Duration (VET Learner) • Average Duration (Staff) • Budget - Mobility Grants (Total) • Budget - Mobility Grants per Mobility Status (Learner and Staff) • Number of Participant Reports (Learner and Staff) • Number of Participant Reports (Learner and Staff Expected) • Number of Participant Reports (Learner and Staff Invited)

Take note

Total Number of **Advance Planning Visits**

- This section is only displayed after mobilities of activity type **Advance Planning Visit** (APV) are encoded in Mobility Tool+.
- It lists the host organisations and details the number of activity types for APV and Erasmus Pro for each host organisation with one APV.
- The number of Erasmus Pro mobilities will only be updated after the mobility end date is reached.
- This dashboard item can be used to check the business rule which are not enforced by system:
 - There should only be one APV per host organisation
 - There should be at least one mobility of activity type Erasmus Pro mobility for that host organisation which has an APV indicated.
 - The APV will usually be performed before the mobility and therefore the dashboard may indicate the APV with Zero Erasmus Pro mobilities as the mobility has not reached it's end date.
 - If the mobility could not be completed for that host organisation and yet the APV was, then this has to be justified in the beneficiary report.

The dashboard for KA107 Projects

Note: Contacts of partner organisations in KA107 projects with view access to the project will not see the dashboard tab.

Filter option in the KA107 dashboard

The dashboard in KA107 projects has an additional **Filter** option located on the left of the dashboard, available in all dashboard tabs. This provides you with the option to filter based on:

- **Version:** Only available for finalized projects.
- **Flow:** Choose from **All**, **Incoming** or **Outgoing**.
- **Country:** Displays countries participating in the project.

After filters are selected, use the **Apply** button. The dashboard data displayed will be updated accordingly.

View table feature

In all three tabs of the KA107 dashboard under **Budget per Partner Country** you have the **View Table** feature available.

Clicking on it will open a detailed table, breaking down the individual **Budget per Partner Country** details for Incoming/Outgoing Mobilities, Travel, Special Needs Support, Individual Support and Totals.

Project tab

The **Project tab** of the KA107 dashboard will display information and graphs for:

Projects until call year 2017	Projects from call year 2018 onward
