Note: At application stage, average duration per participant has been calculated only for participants requiring an individual Support grant. Calculation for completed mobilities may differ.

Completed Mobilities

The following table presents the summary of the mobilities you have completed so far.

Please note that you do not have the obligation to achieve the exact target numbers as estimated at application stage. Your priority should be to achieve the project objectives as described in your European Development Plan. The target numbers should serve as your orientation, but during implementation you may modify your plans within the budget you have been awarded. Smaller changes in targets can be explained as part of your project's final report and they will be taken into account during the project evaluation. If you would like to make more significant changes to the project targets, please consider contacting your National Agency to receive their advice on the matter.

Activity Types

The following Activity Types are available for mobilities:

- **SE-TAA: Teaching assignments abroad**
- **SE-SC-TE: Structured Courses/Training Events**
- **SE-JOB-SHDW: Job Shadowing**

None of those is available as a long-term activity.
The duration of the activities is a minimum of 2 days and a maximum of 60 days. Calculations are done automatically in Mobility Tool+.

Organisations in Mobilities

In the **From/To** section of the mobility screen in KA101 - School education staff mobility projects, the **Sending** and **Receiving organisation** for the mobility have to be selected from the available drop-downs. The Sending and Receiving Organisation must be different within the same mobility.

The following rules apply for the selection of Sending and Receiving organisations:

1. The **Sending Organisation** must be either **Beneficiary** or **Co-Beneficiary**. The drop-down displays only those organisations.
 - Organisations indicated as co-beneficiaries are flagged as such in the organisation list and/or the organisation details screen.
 - Beneficiary or Co-Beneficiary organisations cannot be created in Mobility Tool+.
2. The **Receiving Organisation** drop-down in the mobility screen displays all organisations participating in the project **except** for Beneficiary and Co-Beneficiary Organisation.
 - Those organisations are flagged as **Partner** in the organisation list and/or the organisation details screen.
 - Partner organisations can be created in Mobility Tool+.
